* ... [Sportster Terminology](#)

Sportster Resources Available - Parts, Services and Forum Links

- This page is not published as a commercial plug but rather as a helpful list of informational places / sites to find parts and service information for your Sportster. Knowing a variety of sources will allow you to get more of what you need / want instead of what you have to settle for. All internet links are subject to change without notice. All links below have been checked for accuracy when listed.
- If you have a link you'd like added or have found any broken links, please [Contact](#) - Please contact the Sportsterpedia Administrator or [Post concerns on the XLFORUM®](#) (must be logged into the forum).
Thanks for the thread of links from Preacher of the XLFORUM® ¹⁾ which has been added to below.

Harley Davidson Dealership for Parts and Services

Harley Davidson: Call or Visit Your Local Harley Davidson Dealer in Person or Online. Founded in Milwaukee, Wisconsin in 1903, (the MoCo) is a great place to get parts for your bike. The good thing is,

the parts they sell will fit your bike without alterations. It is also to your advantage to purchase a [Parts Catalog](#) for your year model Sportster to help insure your parts ordering goes as smooth as possible.

In general, the part numbers for a year specific manual are as follows:

Manual Type	Part Number
Sportster Service Manual	99484-xx
Sportster Parts Manual	99451-xx
Sportster Electrical Diag Manual	99495-xx (starting in 2001)
	xx above is two-digit year

H-D Service Information Portal (SIP)

- Enter your year model and you may view, print or download owners manuals, parts diagrams and wiring diagrams for your personal use only. They are available free of charge at this site by Harley Davidson. You will be asked to register with the site. Please be aware that All copyrights do apply in all forms available.

<https://serviceinfo.harley-davidson.com/sip/index> ²⁾³⁾

This link will take you to a listing of all manuals on the HD SIP site. You can change the search terms in the upper right box to find other named documents:

[Search HD SIP for 'Manual'](#)

Online OEM Parts Catalog

Several Harley-Davidson dealers have an online parts catalog as electronic microfiche. You can select the make, year and model of your bike to display a listing of parts categories. Select the parts location / category you are interested in and the microfiche (with a parts list) will be displayed for you to choose the part you need. Read more about [Searching HD Parts Online](#).

The microfiche parts diagrams are like the parts catalog you can buy. ⁴⁾⁵⁾

There are a number of sites that use the 'partsfinder.onlinemicrofiche.com' system (supplied by hlsm.com) to list and offer HD parts.
