PRIMARY DRIVE BELTS

A recent audit of our packaging process indicates that we "MIS-PACKAGED" a small quantity of P/N 40009-80, Primary Drive Belts. These "MIS-PACKAGED" belts can easily be identified as they have a black tie-wrap placed around them and are enclosed in a clear poly bag.

If you have any of these belts in stock at this time, please return on a "E" Form. You will be reimbursed for shipping charges.

Your prompt attention to this matter would be greatly appreciated.
