

GENUINE MOTOR PARTS AND MOTOR ACCESSORIES BULLETIN

P&A NO. 950

DATE: 07/24/2009

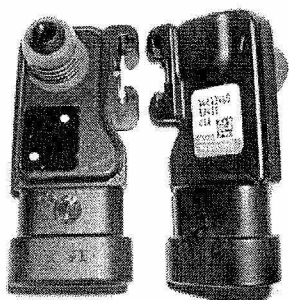

MAP Sensor Part Number Update

Purpose:

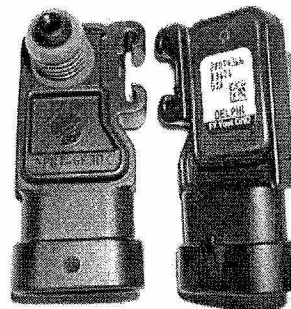

The purpose of this bulletin is to inform the Dealer Network of MAP sensor service part number changes for 2009 and earlier models stock and CVO models.

Background:

The MAP sensor is being updated for 2010 models. Earlier models can use one of two different MAP sensors.

32416-10

32417-10

- 32416-10 has black/white sticker on back vs. 32417-10 molded in markings
- 32416-10 has bump on front cover vs. 32417-10 flat front cover

Please note using an incorrect MAP sensor may result in vehicle performance issues.

Dealers can use their existing inventory on appropriate '09 and earlier models based on current parts and service manuals.

Action Requested:

Please use the matrix below to identify what MAP sensor service part number to use as a replacement part for a particular 2009 or earlier vehicle. There is a separate matrix for Japan models.

Questions

Please contact Technical Service with any concerns regarding application. Please direct all other questions to your Dealer Service representative.
