PAB1107: P&A VINTAGE PARTS FITMENT LISTING

Reason for Revision

Table 1. Document History

| Date | Revision Description |
|------------|---|
| 2021-01-05 | Remove Technical Service * Updated Questions |
| 2021-01-04 | Initial release |

Purpose for Parts and Accessories Bulletin

To inform dealers that certain Parts and Accessories (P&A) accessories are now being stocked at Vintage Parts, and that fitment statements for those items are at H-Dnet.com.

Markets Affected

All markets are affected.

Summary

Vintage Parts is now stocking both parts and accessories. Like service parts that are maintained by Vintage Parts, dealers should note accessory status and comments to investigate if items are stocked at Vintage Parts.

Accessory fitment is in various marketing materials. To help capture fitment on those accessories that move to Vintage Parts, a new link located in H-Dnet.com has been created. The link is: eCommerce Active Product and P&A Vintage Part with Fitment list. Verify to select the "FAVORITE" option to save this link for use in future reference.

Questions

Direct all questions to the Dealer Services Representative.
